ELE USAL GRAN CANARIA is located in Las Palmas de Gran Canaria, the most cosmopolitan city in the Canary Islands (Spain) and one of the cities with the best climate in the world thanks to its exceptional location. Its privileged geographical location also makes it the European capital of the Mid-Atlantic area and a cultural and economic bridge between Europe, Africa and America.

Las Canteras

Las Canteras beach is more than three kilometers long and is one of the main attractions, and is known for being one of the best urban beaches in the world: a rare jewel in the middle of the city, where visitors can enjoy sunbathing or practicing water sports and many other activities.

Accommodation

Our Spanish school is located about 15 minutes by bus from Las Canteras beach and we have numerous agreements with owners of flats and apartments in the beach area, at very affordable prices, so that in their spare time our students can enjoy the wonderful beach, water sports and excellent gastronomy options among the local people.

The weather

In 1996, the specialised magazine Weatherwise published an extensive global report on 600 outstanding cities as tourist destinations. The study ranked Las Palmas de Gran Canaria as the city with the best climate in the world. The average annual temperature in the capital of Gran Canaria, 22 degrees Celsius, undoubtedly makes it a privileged enclave.

The gastronomy

Las Palmas de Gran Canaria is a destination with a wide gastronomic culture. An extensive range of options that includes typical local cuisine (“papas arrugadas”, seafood products, Canarian cheeses, and so much more ...) but many other dishes that also have a contemporary perspective.

The historic centre of Vegueta and Triana, with a wide variety of restaurants of all kinds, the fishing district of San Cristóbal (full of seafood restaurants) or enclaves such as the marina and port complete this varied and rich gastronomic offer, an essential part of any trip. Las Palmas de Gran Canaria is, without a doubt, a destination where you can eat well.

Our school

Our school is located in the residential neighbourhood of Escaleritas, near one of the best sports clubs in the city. One of the advantages of our centre is its proximity to the buses, which take you to and from the city centre and Playa de Las Canteras in just 10 minutes.
